

# About the Cover

Every bride should schedule fun on her wedding day! In a reminder not to take things too seriously, our model Natasha is getting some exercise with her canine friends and on the tennis court at the Arizona Inn under the direction of photographer Philip Ramackers.

Even the most effortless- looking images take some behind the scenes work: Gadabout SalonSpa styled our model's auburn hair in loose waves and brought out her natural beauty with their makeup artistry. Timeless fashions and showstopper earrings by Pour Moi, and her lovely bouquet provided by In Full Bloom Floral Studios.
